16th September 2024

Dear Sir or Madam,

Re: Neighbourhood Plan as regards Odiham and its surrounding areas.
(representations required by Monday 16-SEP-2024).
Policy reference 11. Local Green Spaces 11 xi Little Park (pp 82-84).
Representations in **SUPPORT** of Odiham Parish Councils submissions.

I wish to support, most strongly, the recommendations made by the Odiham Parish Council to the extent of the whole of their document and especially as regards local green spaces.

The parish council has taken into account the long-term needs of the local population and any visitors to the area together with the needs for development, environmental and recreational concerns relating to local green spaces. These matters are of the greatest concern to the local population.

The footpaths are in constant use for recreational walking and is also used both by adults and by children (both accompanied and unaccompanied) travelling to and from school, together with those who do decide to walk rather than to drive to work.

NE Hampshire and its villages are regarded as some of the best places in the country in which to live. We should try to keep it that way, not only for the enjoyment of our current residents, but also for our children and succeeding generations, as well as visitors and their successors, who coincidentally contribute to its economy.

I thank you for your kind attention,

Yours Faithfully,
John Pattinson
J E Pattinson
