Representation: Longwood has been zoned for development. The site is screened on west north and east sides of the property. The pre-planning observations have been lodged. My observations are as follows:

1. At present there is one house on the site and if it is redeveloped this could reduce the housing requirements for the area.
2. Any units will be further back from West Street so will have less impact on the street scene.
3. The majority of pupils use the school bus and cars rarely cause delay.
4. Even with the development at Maple Fields there is no problem gaining access to the site even at peak periods.
