Dear Sir/Madam,

I realise there was a small error in my email to you dated 9 November about the additional evidence on the Neighbourhood Plan. We do indeed support the Local Plan, as I said, but the purpose of my email was expressly to support the fresh evidence about gaps in the draft Neighbourhood Plan, for the reasons stated: We feel the gaps are vital to maintain the separate character and identity of Crookham Village, Church Crookham, Dogmersfield and Fleet.

We would be grateful if you would take our views into consideration.

Yours faithfully,

Jan & Tony
