<p>Please give details of your reasons for support/opposition, or make other comments in the box below. Please be as precise as possible.</p> <p>This positive adjustment in regulations really hits on a very important spot for me, and for anyone who feels threatened by the ‘gap-filling’ inclinations of building companies. From now on, the space itself has its own real value in, amongst other things, maintaining an open and mentally stimulating space, thereby preventing gratuitous urban coalescence. Thus villages and small townships will retain their individual identities and character, and settlements such as Crookham Village, Dogmersfield, Church Crookham and Fleet will remain placed in their own settings, by which they can be identified, and not be subjected to continuing urban sprawl. By retaining gaps between built up areas local people will retain their uninterrupted views across open land within the gaps, thereby allowing and encouraging people to enjoy quick access to natural gaps by the footpaths through them. I am fully in support of this new evidence.</p> <p align="right">(Continue on separate sheet if necessary)</p>
