The gaps allow a greater view of the landscape and reinforce the relative positions of the various settlements. Without the gaps our line of vision is reduced, the settlement areas coalesce and individual identity is compromised. The nature of a small village should include a glimpse of its neighbour across a landscape. We have numerous footpaths that the villagers have enjoyed for generations that have given us these glimpses and any loss of gaps or footpaths should not be allowed.

I support the new evidence in the draft Neighbourhood Plan on the gaps between Crookham Village, Church Crookham, Fleet and Dogmersfield (Policy NE01)
