To: Neighbourhood Planning <neighbourhoodplanning@hart.gov.uk>

I am writing to support the additional evidence to protect the gaps in the draft Neighbourhood Plan.

It is vital for all our local villages to protect their inherent character and setting, views, countryside, walks, wildlife and villager aspirations.

Hartley Wintney has done this reasonably and responsibly. However, Crookham Village is in danger from such a major development, for which there is demonstrably no need.

Such a move would not only impact our enjoyment of the countryside but would also fuel the seemingly inexorable infilling towards a more urban environment.

Anthony Noble
