To: Neighbourhood Planning <neighbourhoodplanning@hart.gov.uk>

To whom it may concern,

I'm writing to voice my strong support for the entirety of the new evidence regarding gaps between settlements in the neighbourhood policy plan NE01

We must prevent the coalescence between the local towns of Crookham Village, Church Crookham, Dogmersfield, and Fleet in order to preserve the countryside, wildlife, and footpaths around this area. These areas have their own identities and characters.

The access to nature and uninterrupted views of the countryside are an asset to this community and need to be protected.

We are seeing the erosion and encroachment in other areas such as the Grove Farm site, and this is a trend we must put a halt to before we lose the identity of Crookham Village entirely.

Yours Sincerely

Andrew Sully
