I write to support the new evidence in the draft Neighbourhood Plan on the gaps between Crookham Village, Church Crookham, Fleet and Dogmersfield (Policy NE01).

In this time of large development and pressures on infrastructure locally its vital we keep the lines between Crookham Village, Church Crookham, Dogmersfield and Fleet very clear. The character and natural appeal of Crookham Village needs to be preserved. Local development has already put pressure(s) on the local community.

Hart District Council have a tough decision to make when so much of the perceived land available with the HDC curtilage is MOD land meaning that all the Govt demands for housing are squeezed in to non-MOD communities which cannot withstand them. But to merge the communities is not the way forward...

I believe that the recent inspector 'walked' Crondall Road as part of a recent inspection and verbally commented about how the natural beauty of the area needs to be preserved.

I hope we can be true to his wish.

Regards

Richard Gwynne
