To Whom It May Concern:

Please see below my thoughts on why it is so important to keep the local gap preventing Crookham Village merging with Church Crookham, Fleet and Dogmersfield to make one big conurbation.

We moved to Crookham Village from Fleet a few years ago so we could raise our family in the village. We walk our dog, using the footpaths daily, observing wildlife with the children. It is an important part of their education, and leaning about the world around them. The gap gives our family a sense of space and makes village life different from the urban environment of Fleet and Church Crookham.

The gap between Fleet and Crookham Village is already disappearing by developments such as at Grove Farm and Watery Lane and it is important to keep what remains.
