Previous consultations are clear that the local gap is very important to the community. The gap provides a sense of space, openness and views around the village and is an appropriate setting given the history of the village. I think it is important that the character of the village is protected and remains different and separate from the urban environments of Fleet and Church Crookham.

As a local resident my family and I regularly use the local pathways to enjoy the attractive countryside and meet many others enjoying the Conservation areas. Infill development would ruin this and fundamentally change the setting and character of the village.

We have already seen recent developments at Grove Farm and Watery Lane and it is important to protect what remains and not allow this to be seen as a green light to develop all the green space that surrounds the village.

I am fully in support of the proposal in the Neighbourhood plan to preserve the gap between settlements.
