Anonymous comments will not be accepted. All comments will be publicly available, and identifiable by name and organisation (where applicable) and your name, address and comments will be forwarded to the independent examiner as required by the regulations covering neighbourhood plans. We have received assurance that the data will be kept securely and not used for any other purpose. The examiner will retain the data until we have made the relevant statutory decisions on whether to adopt the plan and the deadline for a Judicial Review has passed, which is six weeks after the decision notice has been published.

If you submit comments they will be published on our website along with your name. If a copy is requested by the relevant Town or Parish Council who prepared the Plan, a redacted copy showing your name and comments will be sent. If you are responding as an individual rather than a company or organisation, we will not publish your address or any details other than your name and comments.

For further details on how your information is used, how we maintain the security of your information and your rights, including how to access information we hold on you and how to complain if you have any concerns about how your personal details are processed, please visit www.hart.gov.uk/privacy.

We live in [REDACTED] and value the landscape setting and separate identity and rural character of the village. We must retain the gaps around the village so that Crookham Village remains a special place with its own separate identity as a village.

The evidence for the gaps around Crookham Village clearly shows the extent and need for the gaps to maintain Crookham Village as a separate village and not be consumed by the continued growth of Fleet. The gap to Dogmersfield is also important to keep the two villages as separate rural settlements. Crookham Village is a historic place with its own character, with a mixture of buildings and styles but with many historic buildings within their rural setting. It was here long before Fleet and should remain a separate place. The development at Grove Farm, the one planned at Watery Lane and the one threatened at Cross Farm show the level of threat to the rural setting of the village, and the designated

gaps are needed to prevent the landscape around the village just being filled in with more and more housing estates and unwanted developments.

The network of footpaths around the village and connecting with the Basingstoke Canal, which we use regularly, are of great benefit to residents and visitors alike. The value of these would be destroyed by development, as can be seen at Grove Farm. Walking through a housing estate isn't the same as walking through fields and woods and along country roads, which is why people come here.

The areas around Crookham Village and Dogmersfield and their conservation areas are so important to the character and sense of place that they should be protected and therefore I support the gaps policy in the Neighbourhood Plan.
