9 April 2014

Dear Mr Bonner

I write both to inform you that Odiham Parish Council has resolved to undertake a Neighbourhood Plan, and formally to submit a request to Hart District Council for the parish of Odiham to be designated as the neighbourhood area.

It is the parish council's intention to lead the production of the plan by means of a steering group comprised of councillors and residents. We conclude that it is appropriate for Hart to designate the parish boundary as the appropriate area, since the parish is made up of 3 main settlements - Odiham, North Warnborough and the RAF Station, along with several smaller settlements in the countryside. The relationship of all settled areas to the countryside in the parish, and the economic and employment relationship of all settled areas to each other leads us to conclude that the parish boundary is the logical neighbourhood unit.

We look forward to receiving Hart's confirmation of the neighbourhood area.

Yours sincerely

Mrs Sarah Weir
Clerk to Odiham Parish Council
